

Traffic regulations

Update: April 2023

Loading & unloading

Setting up and dismantling a trade show involves a lot of logistics. In order to manage this, we have the following arrangements:

- During set-up and take-down days, loading and unloading is allowed between 7:00-23:00 hrs.
- In front of the barrier is a height meter, which is set at 2.70 meters*, this height of the vehicle determines how long we expect you to need to load/unload.
 - Vehicles **under 2.70 meters** may load/unload for a maximum of **60 minutes**.
 - Vehicles **over 2.70 meters** may load/unload for a maximum of **120 minutes**.
- If your loading/unloading times have expired, the additional charge is €120.

* For vehicles taller than 2.70 meters, we expect them to be unloaded with the forklift, which is why there is more than 60 minutes.

Max. speed

The maximum permitted speed on the Jaarbeurs grounds is 15 km/h.

Please note

- Parking on the Jaarbeurs grounds is at your own risk. You must be in possession of a valid parking ticket, pass or access pass. During the event, a valid parking ticket is required to leave the parking garage.
- Instructions by Jaarbeurs employees must be followed.

Towing scheme

Jaarbeurs reserves the right to remove vehicles from the premises when parked incorrectly, at the expense and risk of the driver of the vehicle.

Liability

Jaarbeurs accepts no liability for the accuracy of the information provided and reserves the right to make short-term changes to traffic management in response to external traffic conditions.
